In my endorsement No.~~745~~Ad/41-12 dated 6-4-42 I recommended sanction to the employment of an additional Supervisor with a peon and an overseer for the IVth Famine Camp in Bellary. The Superintending Engineer now reports (copy of letter enclosed) that a Vth Camp has been opened at Hebbatam Village in the Alur Taluk and applies for sanction to one work-agent with a peon and one Assistant work-agent. Since this demand raises the number of charges to 5, he also applies for sanction to a supervisor, under article 99(a) of the Famine Code, to be employed as P.W. Inspector.

2. I, request that sanction may be accorded to the employment of the additional staff noted in the *margin from date of appointment till 31-7-42 or the closure of test works whichever is earlier.

* 1 Supervisor as work-agent
1 Supervisor as P.W.Inspector
1 Overseer as Sub work-agent
2 peons for the two supervisors.

3. In this connection I invite attention to the Government Orders noted in the *margin and request that sanction may also be

Sub: Famine - Bellary - Opending of a 5th Camp at Hebbatam.

...

In my No.188C.G., dated 31-3-42, I reported that a fourth camp was intended to be opened in connection with Bellary Famine. The Collector Bellary has since intimated that a fifth charge is to be opened at Hebbatam village in the Alur Taluk from 15-4-42 and wanted me to post one work-agent, and one Assistant work-agent. A copy of the Collector's letter is enclosed. Pending sanction to these two additional posts, I am transferring one supervisor and one overseer as work-agent and assistant work-agent from the existing establishment.

I request that sanction for the additional establishment mentioned above, and also for a peon to work under the work-agent (Supervisor) may please be obtained at an early date.

The total establishment for the Famine in Bellary District will then be

One Assistant Engineer
One Divisional Accountant
Five (Supervisors) Work-agents
Five (Overseers) Assistant Work-agents
Three lower division clerks
Eight peons (3 for the Assistant Engineer, and one for each of the five supervisors.)

As the vacancies in the regular sections are left unfilled pending sanction to the additional posts, very early sanction may please be applied for.

H. G. Jackson, 9/4.
Superintending Engineer,
Bezwada Circle.

Sub: Famine - Bellary District - Appointment of a Public Works Inspector.

--

In connection with the Bellary Famine four charges have hitherto been opened and a fifth charge was proposed to be opened from 15-4-42. Under article 99(a)* of the Famine Code, when there are more than 3 or 4 separate charges open in a District, a Public Works Inspector who will ordinarily be an upper subordinate of the Public Works Department shall be appointed to assist the Sub-Divisional Officer. With reference to this section the Executive Engineer, Bellary Division has applied for the appointment of a Public Works Inspector. In view of the urgency of the matter, I have, pending the sanction to the post, posted one Supervisor from the existing supervisor establishment as Public Works Inspector.

* p 32 of the Pink part of

'C'

I request that the Government may kindly be addressed for according sanction to the post of the Public Works Inspector also in addition to the additional establishment already applied for. A Supervisor may also please be posted in place of the one now transferred by me.
